

When Vandals Strike!

When vandals deface or break your mirrors, your customers see an unclean, unsafe image—and that's a bad reflection on you. Shattered glass can cause injuries and increase your liability.

There are two ways to solve your problem:

#1—You can continue to keep putting up new mirrors, or

#2—You can replace them with a vandal-proof

Sentry Mirror.

Once your Sentry Mirror goes up, vandalism costs go down.

The patented Sentry Mirror is a proven retrofit and new construction solution for any high-traffic restroom. The product itself is a commercial-grade, standard-sized, self-contained mirror that is protected behind a replaceable, clear Plexi-Shield. This unique construction offers you 'round-the-clock' protection against graffiti and shattered glass. If damage does occur, replacement is fast, easy and inexpensive. Because, all you need is to replace the shield in most cases. And that adds up to long-term savings for you.

Limited Lifetime Guarantee

Every Sentry Mirror comes with a limited lifetime warranty. Sentry Mirror is committed to providing its customers with long-lasting products that offer real value and substantial savings.

"The vandal proof mirror that lasts"

**The Sentry Mirror system
is unlike anything you've seen.**

Only Sentry Mirror offers you:

- Patented protection that keeps graffiti from ever reaching the actual mirror.
- A proprietary design that reduces the potential for mirror breakage.
- Safety features that prevent the mirror from shattering.
- Installation as simple as one, two, three.
- A replacement system that lets you replace the shield instead of the mirror.
